RESOURCE RESTRICTIONS

🖥 GO TO

Administration → Resource Management → Resource Setup → Click on User's Name → Resource Restrictions Tab

☰ STEPS

Here you have the option to set:

- Patient: Here you can restrict a user from a specific patient(s)
- Location: Here you can restrict a user from a specific location(s)
- Time: Here you can restrict a user based on time – regarding system usage allowance

💡 NOTES

Save once restrictions are assigned.
