Re: Update to the WRS Health System

WRS Health is proud to announce the release of a new update to the system. Below is an explanation of the new item.

ITEMS IN THIS RELEASE

ASSIGN NOTE BUTTON

We have added an **Assign Note Button** to enable users to easily assign and associate a note to another user within the patient chart. This button can be found within the note, next to 'Note Sign Off'; and is in addition to the current workflow available found within EMR>Current Charts>View assigned page.

A screenshot of a patient chart interface. The top section is titled "HISTORY OF PRESENT ILLNESS AND REVIEW OF SYSTEMS". Below this, there is a patient summary for "Test, Brittany", a 43-year-old female, with her date of birth (Jan 15, 1978) and telephone number (845) 294-5555. A "CLINICAL DATE" of MAY 7, 2021 TO MAY 7, 2021 is shown. A navigation menu on the left includes buttons for "View Note", "Instructions", "View All Notes", and "Templates". Below the menu are sections for "ALL NOTES", "CURRENT NOTE", "HPI & ROS", "Histories & Habits", "Physical Exam", "Medications", "Assessment & Plan", and "Orders & Procedures". At the bottom of the menu, there are buttons for "Drawing Tool", "Voice Recorder", "Note Sign off", and "Assign Note". A red arrow points to the "Assign Note" button. To the right of the menu, there are sections for "HPI HISTORY", "CURRENT NOTE HPI", "Chief Complaint:", "HPI Template:", "43 year old female", "For E&M Advisor Use:", and "REVIEW OF SYSTEM".
