Re: Update to Waiting Room Solutions System

### ABILITY TO FILTER BY SELF-PAY

Functionality that adds the ability to filter **Self Pay Charges** and **Payments** from **Patient Responsibility (Copay, Deductible, etc.)** has been added to the system.

Under **Billing>Payment Management>Payment Search** there is now a checkbox called **Self Pay Only**. This filter will only return patients that have paid and are designated as **Self Pay** under **Patient Management>Insurance**:

Search Filters

RECEIVED FROM ENTITY: Patient  
INSURANCE COMPANY: Any  
PATIENT: Any  
PAYMENT TYPE: Any  
CHECK NUMBER: [ ]  
# OF CHECKS: 100  
SELF-PAY ONLY:   
Search Payment  
Print

The same filter will also appear under **Reports>Saved Reports**. Selecting the **Self-Pay Patient Responsibility** dropdown will include the same information for **Self Pay Charges** and **Payments**:

REPORT NAME: SELF PAY REPORT
